

Remarks/Arguments:

The Examiner requires that claims of either Group I (claims 1-10, drawn to organic light emitting devices) or Group II (claims 11-22, drawn to processes of manufacturing organic electronic devices) be elected for prosecution. Applicants elect to prosecute Group I. This election is made without traverse.

Applicants have added new claims 23-32. These claims do not include new matter. Support for claims 23, 24, and 26-32 may be found in the specification at page 12, lines 7-19. Support for claim 25 may be found in the specification at page 5, lines 12 and 13.

Respectfully submitted,
